
NATIONAL CYCLING CENTRE – ATLANTIC CANADA

2007 GIANT ELITE PROGRAM

Ride to your dreams

This program is developed to let riders go up the competition ladder of the Canadian Cycling Association's Long Team Athletes Development. Better described as the entry door to the Canadian National Cycling Team, this program gives you the opportunity, with the **National Cycling Centre – Atlantic Canada**, to think the Olympic way. For the last 4 years, this cycling program has been one of the most successful one in Canada. We are not simply happy to be on any start line any more... we are there to compete and win!

In order to reach all levels of cyclist in the Atlantic area, "Giant Elite" program is developed in five tiers. Here is the dream of each tiers:

Provincial	<i>Learn to train</i>	<i>Dream</i>	To be competitive in Provincial/Atlantic level events
		<i>Overview</i>	Base development. Initiation to programmed training
Bronze	<i>Train to Train</i>	<i>Dream</i>	To be Provincial/Atlantic Champion and compete Canada Cups
		<i>Overview</i>	Yearly training program with introduction to some sport science tools
Silver	<i>Learn to Compete / Train to Compete</i>	<i>Dream</i>	To participate at Canada Games and/or be National Champion
		<i>Overview</i>	Yearly program with sport science
Gold B	<i>Learn to Win</i>	<i>Dream</i>	To become National junior/development team member
		<i>Overview</i>	Yearly program with advance sport science
Gold A	<i>Train to Win</i>	<i>Dream</i>	To be at Olympics and other major games
		<i>Overview</i>	Yearly program with advance sport science

ATHLETE APPLICATION PROCESS

Applications are being accepted for a limited number of openings. A strong part of the acceptance of any athlete in this special program is based on potential, attitude, aptitude, results and last but not least, goals of the athlete. This program does not work with no desire to pursue a dream.

Dead line for application is December 15th.

What the **National Cycling Centre – Atlantic Canada** will need from you in order to process an initial evaluation is the following:

- ◆ Results from last year (and previous)
- ◆ Resume of your training log from last year
 - Regular week
 - Longest rides
 - Winter training
 - Number of races
- ◆ Goals
 - Long term or Major goals
 - Next season goals
 - Specific goals
 - Qualities you would like to improve (climbing, sprinting, etc.)
 - Strength and weaknesses
- ◆ Tools (inventory)
 - Access to weight room?
 - How many hours do you work or go to school per week?
 - Cross training (swim, run and/or ski)?
- ◆ Others
 - Athlete resume
 - Contact information
 - Date of birth
 - Health condition (if anything needs to be listed)
 - Etc.

This will help us complete an initial evaluation of the athlete and to make sure this program is suited for the athlete and vice-versa.

In the second phase, the Head Coach of the Centre will meet with the athlete (and parents if needed) to discuss the goals and especially the dedication of the athlete. Further evaluations could be asked for, such as a complete evaluation by the Centre's medical services provider. Then, if accepted in the program, the athlete will be ranked from Gold A to Bronze and will have to sign an agreement contract with the National Cycling Centre – Atlantic Canada.

GOLD A – Train to Win

Sports Canada athlete assistance **card** holders

- All cycling athletes holding Sport Canada cards are eligible

SERVICES : Cost = 100\$

- Existing services apply
